

**PROPOSED NEIGHBORHOOD SIGNAGE
NAME CHANGES SURVEY**

The purpose of the proposed neighborhood name changes is to update the image of the community with water themed neighborhood names that compliment the overall community name of Lake St Charles. The proposed name changes will also help to alleviate confusion of having Remington Drive at the Lexington neighborhood and Remington neighborhood on Bucks Ford Drive. The Board of Supervisors would like your input before they proceed with the replacement of the community's signs. Please note that the changing of neighborhood names does not impact the costs of this project.

Please review the proposed signage before completing the survey.
